Other Port Authority "silk touch" shirts, such as the polos with pockets, or long sleeves, in "bright purple" will also match.

Once your choice is in the cart, go to "embroidery" on the left hand navigation bar and select BOTH USPC and Bayou City logos (it is against trademark rules for the Bayou City logo to be on a shirt without the USPC logo also being present). The company will know to set these up with the BCPC logo on the left chest and the USPC on the sleeve.

You can also choose to have a name embroidered. This is also selected by clicking "embroidery."

This company can put the USPC and Bayou City logos on other items in their catalog or NOT in their catalog! Outside items can be shipped to them direct from the vendor, embroidered, and then shipped to you. Ask me about this if you are interested (this is how our Pony Club saddle pads and the jump team jackets were done).

Outside items can be shipped to:

Alsco  
1126 S. 9<sup>th</sup> St.  
Grand Junction, CO 81501

Be sure to notify Cindy Janecek at 970-254-8678 or [cjanecek@alsco.com](mailto:cjanecek@alsco.com) if you are shipping outside items to them.

Please ask me if you need help!
